

To all Members of SSGM

Geneva, November 10, 2022

Centre de génomique  
médicale (CGEM)

Service de médecine  
génétique, Département  
Diagnostique

Dear Members of the Swiss Society of Genetic Medicine,

We are most pleased to inform you that the **HUG Center of genomic medicine (CGEM)**, Geneva, will hold a symposium on **Thursday, September 28, 2023** (1:30 – 5:30 pm) at the University Hospitals of Geneva (HUG). The aim of this symposium is to present the progress and accomplishments of genomic medicine for our patients.

This symposium will take place a few days before the **International Conference of the G2MC** (Global Genomic Medicine Consortium), organized in collaboration with the CGEM / HUG and the University of Geneva, at **Campus Biotech (Geneva), October 2-4, 2023**.

The main aim of the G2MC is to promote a global implementation of genomic medicine in the world, including low and middle income countries (LMIC). Further information can be found here: <https://g2mc.org/7th-g2mc-international-conference/>.

Please save the dates! Regular updates will be sent regarding the programs of these two exciting events.

Looking forward to meeting you in Geneva next autumn!

Best regards,

Prof. Marc Abramowicz (MD, PhD), director of CGEM

Dr. Eva Hammar Bouveret (PhD), coordinator of CGEM

Ms. Rime Abla-Brandt, secretary of CGEM
